

Executive Bios

John Ham, CEO and Founder, Ustream

A native of Riverside, Calif. John Ham is the co-founder of Ustream and its Chief Executive Officer. John founded Ustream in March 2007 with partner Brad Hunstable, with whom he studied at West Point, as well as Dr. Gyula Feher, lead technologist. John has been a featured speaker at National Broadcasting Association, Web 2.0 Expo, Digital Hollywood, Always On, Streaming Media, Red Herring 100 and others.

John has shown propensity for entrepreneurship from a young age, and began trading equities and options when he was 16. While at West Point, John interned with NASA and the New York Stock Exchange and went on to receive his B.S. in Aerospace Engineering from West Point. Upon graduation, he was commissioned as a 2nd Lieutenant in the US Army. While in the Army, John was selected as a Commander and later selected to be the Aide to the 19th TSC Commanding General in South Korea.

Brad Hunstable, President and Founder, Ustream

Brad Hunstable is the president and co-founder of Ustream. Brad founded Ustream in March 2007 with partner John Ham, whom he studied with at West Point, as well as Dr. Gyula Feher, lead technologist. As founder, Brad is responsible for guiding the company's strategy and growth through partnerships, technology innovation and product architecture. Brad has been a featured speaker at Video On

The Net (VON) conferences, Talkers, Convergence, and the Podcast and New Media Expo.

Prior to founding Ustream, Brad worked at Hillwood Development, a Ross Perot Company, overseeing the development of master planned communities. Before joining Hillwood, he completed five years of active duty in the United States Army, serving in various capacities around the world.

Brad is a graduate of the United States Military Academy at West Point and holds a MBA in finance from The Ohio State University.

Dr. Gyula Feher, CTO and Founder, Ustream

Dr. Gyula Feher is Founder and Chief Technology Officer of Ustream. He is focused on setting the technology strategy of the company as well as managing the spectrum of overseas development efforts of the Ustream engineering team.

A native of Hungary, Feher is one of the three founders of Ustream and has been with the company since it was incorporated. Previously, he founded and served as CEO of Sorensen-Online Development, a former top ten Hungarian web consulting firm, which among other things, created and owned Googlerankings.com.

Dr. Feher holds a Cum Laude JD from the Institute of Law Studies of the Peter Pazmany University (Hungary). He is based in Budapest, Hungary.
